MICHAEL OBADIAH NBA

Chemical Engineer | Process Control Engineer | Digital Technology & AI Automation Enthusiast

Location: Abuja, Nigeria

Phone: +2349155310697, +2349016426112

Email: nbamichael123147@gmail.com

PROFESSIONAL PROFILE

Analytical and results-driven Chemical Engineering graduate with professional experience in process control, production operations, quality assurance, refinery operations and industrial safety. Experienced in monitoring production processes, troubleshooting operational challenges, maintaining process records and ensuring compliance with operational and safety standards.

Currently expanding professional capabilities in UI/UX Design and AI Automation, with practical experience creating mobile application and website designs using Figma and developing automation workflows with tools such as n8n, Zapier and Microsoft Power Automate. A fast learner with strong problem-solving, communication, teamwork and analytical abilities, committed to continuous professional development and organizational growth.

CAREER OBJECTIVE

To contribute technical expertise, analytical abilities and digital technology skills towards improving operational efficiency, productivity and organizational performance while pursuing continuous professional growth.

CORE COMPETENCIES

Chemical and Process Engineering, Process Control and Optimization, Production Operations and Monitoring, Quality Control and Quality Assurance, Industrial Safety and Environmental Compliance, Process Troubleshooting and Analysis, Refinery and Oil & Gas Operations, Digital Workflow Automation, UI/UX and Digital Product Design, Technical Documentation and Reporting

TECHNICAL AND DIGITAL SKILLS

1. Engineering and Industrial Skills: Chemical Engineering Principles, Process Monitoring and Control, Production Operations, Process Analysis and Troubleshooting, Quality Control and Quality Assurance, DCS Operations, Refinery Operations, Steel Production Processes, Industrial Safety and Environmental Management, Production Reporting and Documentation

2. UI/UX Design Skills: UI/UX Design, Mobile Application Interface Design, Website Design, Wire framing and Prototyping, User Interface Design, User Experience Design, Figma

3. AI Automation and Digital Technology: AI Automation and Workflow Development, n8n, Zapier, Microsoft Power Automate, AI Agents, API Integration (learning and practical application), ChatGPT, Google Sheets, Microsoft Excel

4. Engineering Software and Computer Skills: Microsoft Word, Microsoft PowerPoint, AutoCAD, Aspen HYSYS, MATLAB, Basic HTML Programming

5. Professional and Interpersonal Skills: Critical Thinking and Problem-Solving, Effective Communication, Teamwork and Collaboration, Leadership and Decision-Making, Time Management, Adaptability and Fast Learning, Ability to Work Under Pressure, Statistical Data Analysis, Creative Thinking.

PROFESSIONAL WORK EXPERIENCE

1. ABUJA STEEL MILL LIMITED (ASML)

Position: Process Control Engineer – Quality Control (January 2026 – Present)

Responsibilities:

- Monitor steel production processes at the Continuous Casting Machine (CCM).

- Monitor and analyses production parameters to ensure process stability and product quality.

- Identify, investigate and troubleshoot production and process-related problems.

- Participate in process control and production optimization activities.

- Conduct quality control checks to ensure products meet required specifications.

- Maintain production records and prepare operational reports.

- Identify opportunities for equipment and process improvement.

- Ensure compliance with industrial safety and environmental standards.

- Collaborate with production operators, maintenance engineers and quality control personnel to improve operational efficiency.

2. KADUNA REFINING AND PETROCHEMICAL COMPANY (KRPC) (2017)

Position: Production Personnel

Responsibilities:

- Operated and monitored refinery equipment and processing units.

- Participated in routine equipment maintenance activities.

- Conducted safety inspections and operational checks.

- Ensured compliance with industrial safety regulations.

- Monitored and adjusted process parameters to minimise environmental pollution.

- Identified and assisted in resolving operational and process problems.

- Monitored and controlled processing units through Distributed Control System (DCS) control panels.

- Collaborated with other departments to ensure smooth production operations.

3. PIPELINES AND PRODUCTS MARKETING COMPANY (PPMC), KADUNA (2017 – 2018)

Position: Dispatcher

Responsibilities:

- Received and processed operational and emergency calls.

- Received and dispatched product delivery orders.

- Prioritized operational requests according to urgency and importance.

- Coordinated field operations and communicated instructions to relevant personnel.

- Monitored the movement and activities of field units.

- Maintained operational records, logs and dispatch information.

- Monitored pump pressure readings and meter measurements to ensure proper equipment functioning.

- Communicated operational information to relevant departments.

4. STANDARD ORGANISATION OF NIGERIA (SON) (2021-2022)

Position: Technical Staff

Responsibilities:

- Conducted inspections of production processes, materials and finished products.

- Performed quality control checks on food products to ensure compliance with established standards.

- Monitored adherence to safety and quality requirements.

- Identified unregistered industries and supported efforts to ensure proper registration and regulatory inspection.

- Promoted product standardisation and consumer confidence in locally manufactured products.

5. YOBE SCHOLAR ACADEMY (2022-2025)

Position: Class Teacher

Responsibilities:

- Prepared lesson plans and lesson notes.

- Delivered lessons and facilitated effective student learning.

- Prepared students for WAEC, NECO and internal examinations.

- Developed examination questions and marking schemes.

- Organised students for academic competitions and quizzes.

- Conducted character development activities.

- Maintained classroom discipline and an effective learning environment.

- Marked examinations and prepared students' academic results.

6. COMPUTER CENTRE (CYBER CAFÉ) (2020-2021)

Position: Computer Operator

Responsibilities:

- Performed document typing, editing, formatting and printing.

- Utilized Microsoft Word, Excel and PowerPoint for administrative tasks.

- Assisted clients with online registrations and internet-based applications.

- Provided basic computer and internet services.

EDUCATION

1. Ahmadu Bello University, Zaria, Kaduna State

2013 – 2020

Bachelor of Engineering (B.Eng.) in Chemical Engineering.

2. School of Basic and Remedial Studies, Funtua, Katsina State

2012 – 2013

Remedial Studies.

3. Government Secondary School, Godogodo (WAEC & NECO)
4. ECWA Nursery and Primary School, Zonzon (First School Leaving Certificate.)

PROFESSIONAL TRAINING AND DEVELOPMENT

- Health, Safety and Environment (HSE) Training – Kaduna Refining and Petrochemical Company (KRPC).

- Health, Safety and Environment (HSE) Training – Pipelines and Products Marketing Company (PPMC).

- Paint Production and Application Training.

- UI/UX Design Training – Figma.

- AI Automation Training – n8n, Zapier and Microsoft Power Automate.

PROJECT EXPERIENCE AND DIGITAL DEVELOPMENT

1. UI/UX Design Projects

- Created mobile application interface designs using Figma.

- Developed website designs and layouts.

- Practised interface design, wireframing and prototyping.

2. AI Automation Development

- Developing practical knowledge of workflow automation using n8n, Zapier and Microsoft Power Automate.

- Learning AI agents, API integration and automated business processes.

CERTIFICATIONS

- Bachelor of Engineering Certificate – Chemical Engineering, Ahmadu Bello University, Zaria.

- Health, Safety and Environment Certificates – KRPC and PPMC.

- National Youth Service Corps (NYSC) Discharge Certificate.

- Community Development Service Certificate – Drug-Free and Quality Control, National Agency for Food and Drug Administration and Control (NAFDAC).

PERSONAL INFORMATION

Nationality: Nigerian

State of Origin: Kaduna State

Languages: English, Hausa and Atyap.

HOBBIES AND INTERESTS

Reading business books, technology and internet exploration, networking, travelling, listening to music and playing football.

RFEREES

Available upon request.
